

## **Horizons Diagnostics, L.L.C.**

### **Routine Testing Policy and Procedure**

- Routine screening for colon, cervical, breast, and prostate cancer are recommended for patients in all health-care settings. The physicians of Horizons Diagnostics, L.L.C. will make recommendations for age appropriate routine screening for prevention and early detection.
- Patients are encouraged and expected to notify their physician if these screening have not been performed
- Prevention counseling and explanation of hereditary risks are available.
- Routine screenings may include diagnostic tests, lab work, and exams performed outside the treatment of your primary care physician.
- If you prefer not to have the recommended screenings, please discuss this with your physician.
- If you have not heard from our office after 10 days of your screening, please call.

By signing below you are acknowledging our policy for routine screenings.
